WHAT'S NEW

Check out our newest innovations!

ABOUT CHECKPOINT

Checkpoint provides you with the most innovative and technically advanced products engineered to protect your high-theft merchandise. Any theft is unacceptable. It is our goal to help you control all levels of theft and improve your bottom line one innovation at a time.

Every Checkpoint product provides:

- **Security** to ensure the highest level of protection for your high-theft merchandise.

- **Aesthetics** to enhance the merchandising of the retail products they protect.

- **Value** to increase your profits by reducing theft and helping to defend your bottom line.

- **Ease-of-use** allows for easy application and removal with less disruption to your sales process.

Checkpoint®
High-Theft Solutions

1 ALARM VERSA GUARD™

Hinge-style allows the cap to open from the side broadening bottle fit

Locking slide makes application and removal fast and efficient

Rubber guard helps prevent tampering and defeat

Clear front provides a clean product display

Checkpoint's Versa Guard provides excellent versatility, optimal merchandising and benefit denial security. With both small and large options, the attractive Versa Guard will fit most of the spirit bottles on the market. Ease of application and removal makes in-store operations quick and intuitive.

KEY FEATURES:

- Ease of use and strong security ensure the cap delivers an impressive ROI
- Small and large size options will protect most bottles in the spirit market
- Improved design withstands defeat
- Specifically designed to make application and removal fast and easy — can be done with one hand
- Vast increase in efficiency when handling multiple bottles at one time

SUGGESTED APPLICATIONS:

Replaceable Band with Pin

Maximizes display opportunities

Our new Banded Hard Tag provides protection for items where a standard hard tag may not apply. Instead of two separate pieces, the pin is already attached to the tag making application quick and easy.

KEY FEATURES:

• Standard or Super clutch strengths
• Eliminates loose pins on the floor or left in merchandise creating a safer work environment
• More economical — no pins are lost during the recycle process
• Even if band is cut, pin will prevent removal of the tag from the item
• Replacement pins are available to extend the life of the tag
• Requires Super XT Key or Multi-Detacher

**SUGGESTED APPLICATIONS:**

Shoes
Apparel
Intimates
Zippered packages

Checkpoint®
High-Theft Solutions

Designed to be removed by the consumer after purchase, Checkpoint's Single Use solutions offer an economical, practical and secure approach to protecting your merchandise from theft and wardrobing.
SINGLE USE

Checkpoint®
High-Theft Solutions

IMPROVING YOUR BOTTOM LINE
ONE INNOVATION AT A TIME.

SHARK TAG®

Consumer easily removes tag by following printed instructions

The tag cannot be re-applied to garment without evidence of tampering

Locking teeth

Small, sharp pin will not damage garment

Smooth side allows for custom logo or any other desired message

Optional printed tag can be customized

Strong visual deterrent

Shark Tag is very effective in preventing customers from purchasing, using and returning merchandise for a full refund.

The right red Shark Tag attaches to the garment in a visible area — signifying that the merchandise is being secured. Shark Tags are easily removed by the customer at home.

KEY FEATURES:

- Assures the garment is in a new and unused condition when returned
- Easy, at home removal
- Can be used to reinforce your store return policy
- Can be source-applied or applied in the store

SUGGESTED APPLICATIONS:

Dresses

Special occasion wear

Menswear

Our Spider Wraps have become the standard in high theft security and are trusted by more than 500 retailers worldwide. Their expandable cables are able to protect a wide range of medium to large-sized merchandise.

SPIDER WRAPS®

**IMPROVING YOUR BOTTOM LINE
ONE INNOVATION AT A TIME.**

1 ALARM SPIDER WRAP®

7-strand aircraft grade cable

Two-stage locking buckle
for the most secure fit

alarm

Spider Wraps have become a
standard in high-theft security
because their expandable cables are able to
protect a wide range of merchandise. Alpha
was the
first to bring the concept of a security
wrap to the market and continues
to be trusted by over 500 retailers
worldwide.

KEY FEATURES:

- 7-strand aircraft grade cable
- Easy to apply and remove
- Tough, secure and reusable
- The two-stage locking buckle
  assures a tight, secure fit.

SUGGESTED APPLICATIONS:

Medium to large packaged goods

Allows maximum viewing of
product graphics

Checkpoint®
High-Theft Solutions

SPIDER WEB™

Protects hard-to-secure clamshell merchandise

Mesh bag expands easily to package size

Multi-strand steel cable for tough protection

The Spider Web's unique multi-strand steel cable mesh bag presents an excellent visual deterrent that allows open merchandising without the risk. Spider Webs provide breakthrough security for even the most irregular-shaped packages.

KEY FEATURES:

- Thin, sleek design
- Easy to apply and remove
- Tough, secure and reusable

SUGGESTED APPLICATIONS:

15" Spider Web: Fits packages with girth up to 21.25"

17" Spider Web: Fits packages with girth up to 23.25"

Girth = L+W+D

Checkpoint®
High-Theft Solutions

Checkpoint has designed the next level of security solutions to combat the use of illegal detachers.

S3VX

IMPROVING YOUR BOTTOM LINE
ONE INNOVATION AT A TIME.

A Stronger Detacher. A Unique Code. Your Key To A Security Advantage.

The use of counterfeit, stolen or illegally acquired detachers is on the rise and they are being used to defeat "on-product" solutions leaving some retailers with the desire to have even stronger security. Checkpoint has designed a solution to the problem, giving you two innovative ways to enhance your security and take it to a whole new level with **S3x and S3vx.**

With the new S3vx Detacher, the "x" stands for an extra-strength magnet that gives it greater mechanical integrity. They also have the ability to be programmed with a unique, store-specific code. That's where the "v" comes in – the advanced encryption technology means the S3vx Detacher sends the "verification" code to the S3vx device to disarm the alarm, during which time the device can then be opened with the extra-strength S3x magnet. If the device is opened without first being disarmed by the verification code, the device will alarm for five minutes or until it receives a valid verification code.

Benefits of S3vx:

- S3vx devices will alarm unless disarmed and opened by the S3vx Detacher that has the same unique code.

- If stolen, the S3vx verification code will be erased automatically to prevent use anywhere else.

- In the case of a store closing or network breach, the S3vx Detachers and S3vx devices can be reprogrammed with a new code.

- Once programmed, the Detacher will retain the verification code unless the cord is cut or the detacher docking station is removed from the POS.

- A stolen S3vx Detacher used to open an S3vx device in another store will result in an alarm.

The S3vx Detacher is backwards compatible and able to open any current S3 solutions the retailer might have.

Checkpoint has the most innovative range of detachers and security devices to alleviate your shrink problems and increase your profits. To find out more about S3vx, please check our website.

CheckpointSystems.com

Checkpoint® High-Theft Solutions

S3vx KEYS

Indicator   **S3v button**

Programming port

S3vx Counter Key (Closed & Locked)

Detaching Locators

S3vx Portable Key

Can be locked when not in use

S3vx Keys and S3vx security devices are programmed with a unique, store-specific code. Once programmed, attempts to open S3vx devices with anything other than Checkpoint's proprietary S3vx Key will result in an alarm. S3vx devices are programmed to "erase" the store code if the S3vx Key is stolen.

S3vx Keys open the following devices:

- S3vx AVM606 Keeper
- S3vx AVM806 Keeper
- S3vx AVM966 Keeper
- S3vx 2 Alarm Attack Spider Wrap®
- S3vx 2 Alarm Mini Spider Wrap
- S3vx 2 Alarm Mini CableLok®

KEY FEATURES:

- Key is backwards compatible and will open existing S3 devices

- Can be locked when not in use

- Serial number provides added security
