ABOUT ALPHA

Alpha provides you with the most innovative and technically advanced products engineered to protect your high-theft merchandise. Any theft is unacceptable. It is our goal to help you control all levels of theft and improve your bottom line one innovation at a time.

Every Alpha product provides:

- **Security** to ensure the highest level of protection for your high-theft merchandise.

- **Aesthetics** to enhance the merchandising of the retail products they protect.

- **Value** to increase your profits by reducing theft and helping to defend your bottom line.

- **Ease-of-use** allows for easy application and removal with less disruption to your sales process.

PROVEN RESULTS

Integrating Alpha solutions into your loss prevention plan is an investment. Our solutions are designed to defend your bottom line, and you will see results immediately with a pay-off in months, not years. This outstanding ROI has been proven time and time again with our customers. **We welcome the opportunity to help you with your greatest challenges.**

Crystal Guard®

ALPHA®
High Theft Solutions

Clear top provides better product display

The clear design of the Crystal Guard bottle cap provides attractive benefit denial security for your merchandise. Four sizes offer a full range of coverage for a highly secure, perfect fit.

KEY FEATURES:

· Cap offers a strong visual deterrent and benefit denial protection

· Pain points under the base deter improper prying

· Clear top provides a clean product display and easy viewing of product labels

· Comes in small, large, extra large and tall sizes

SUGGESTED APPLICATIONS:

Wine bottles
Spirits

Pain points under the base deter improper prying

Band swivels to minimize defeat

Easy to apply and remove

Replaceable Band with Pin

Maximizes display opportunities

Our new Banded Hard Tag provides protection for items where a standard hard tag may not apply. Instead of two separate pieces, the pin is already attached to the tag making application quick and easy.

KEY FEATURES:

· Standard or Super clutch strengths
· Eliminates loose pins on the floor or left in merchandise creating a safer work environment
· More economical — no pins are lost during the recycle process
· Even if band is cut, pin will prevent removal of the tag from the item
· Replacement pins are available to extend the life of the tag

SUGGESTED APPLICATIONS:

Shoes
Apparel
Intimates
Zippered packages

S3 Detaching Locators

Open position

The strongest detacher in the Alpha portfolio, the Super XT Key does it all. Its durable surface unlocks the entire line of S3, Standard Lock, XT and Super XT products. The deployable handheld portion is attached to the mounted base with a robust 60" cable to keep the key secure while maintaining its flexibility.

When using the Super XT Key to remove JewelLok solutions, where the merchandise is more delicate, add the JewelLok Super XT Coverplate. Installation and removal of this durable accessory is easy — slide on or snap over the Super XT Key. An attached lanyard keeps the coverplate nearby when not in use.

KEY FEATURES:
- Serial number provides added security
- 60" cable lanyard

Designed to be removed by the consumer after purchase, Alpha's Single Use solutions offer an economical, practical and secure approach to protecting your merchandise from theft and wardrobing.
SINGLE USE

ALPHA®
High Theft Solutions

Blister Tag

ALPHA®
High Theft Solutions

The Blister Tag is highly effective in reinforcing the die-cut peg hole in clamshell or blister packaged merchandise. The one-way clip is easy to use and makes sweeping from a peg hook difficult while maintaining the integrity of the packaging.

KEY FEATURES:

· Provides a strong visual deterrent to shoplifters

· Unique design includes center hole to accommodate a variety of merchandise

· Applied in store and removed by the consumer after purchase

· Reinforcement of the die-cut peg hole adds security

SUGGESTED APPLICATIONS:

Shark Tag®

ALPHA®
High Theft Solutions

Consumer easily removes tag by following printed instructions

The tag cannot be re-applied to garment without evidence of tampering

Locking teeth

Small, sharp pin will not damage garment

Strong visual deterrent

The Shark Tag is very effective in preventing customers from purchasing, using and returning merchandise for a full refund. The Shark Tag attaches to the garment with a pin in a visible area — the bright red color is attention-getting and signifies that the merchandise is being secured. Shark Tags are easily removed by the customer at home.

KEY FEATURES:

· Garment cannot be returned for a full refund unless Shark Tag is still in place
· Consumer removal with easy-to-follow instructions on optional printed tag (can be customized)
· Can be used to reinforce your store return policy
· Great for online and catalog retailers to prevent "wardrobing" and used returns
· Can be source-applied or applied in the store

SUGGESTED APPLICATIONS:

Dresses

Special occasion

Menswear

Lingerie

Coats

Furs

Swim wear

Atlas™

Security and power in a stand alone solution

Introducing Atlas — a sleek, low-profile stand that secures your high-theft electronics and increases your sales by allowing shoppers to fully experience the merchandise. Atlas is a completely self-contained system above the counter and will integrate easily with your fixtures.

- Works with tablets, mobile phones, cameras, GPS devices and MP3 players

- System provides power to merchandise so shoppers have the full experience

- Security is monitored through multiple trigger points

- Internal alarm and flashing LED indicates if product is tampered with

- Back-up battery maintains constant security if power is lost or power supply is interrupted

- Adhesive on the base mounts securely to any flat surface without drilling holes

- Programmable security key will arm or disarm system — up to 20 keys can be programmed for each stand

- Backed by a global service and support network

- Compliments Alpha's line of S3 solutions

Lockdown System™
ProTrack™

A simple, adjustable solution allowing secure access to your merchandise

- Modern design is simple and unique

- Simplifies shopper access to display products

- Adjustable components accommodate a variety of different product sizes

- Minimal hardware allows you to re-merchandise with ease

Easy to install and designed to adjust to your particular needs, the ProTrack™ is as effective as it is functional. Allow your customers the ability to explore the features and functions of any live laptop, netbook, or notebook.

The ProTrack™ system works great in any display setting whether in a retail application or when exhibiting at a trade show.

ProTrack™

## Laptops • Netbooks • Notebooks • Portable DVD Players

The ProTrack™ system is fully adjustable and can be positioned to limit or give access to CD/DVD trays, battery compartments or network card slots.

Easy to install and easy to remerchandise – a great choice for consistent and organized displays.

This mechanical system can be used alone or with an optional electronic security sensor to add an extra level of security.
